Plant Maintenance

- Plantcare's professional services includes the complete maintenance of your plants e.g watering your plants, fertilizing, pruning and cleaning of leaves, controlling of plant diseases and the replacement of plants at our expense.
- To ensure your plants flourish, Plantcare will attend to them on a weekly basis at a fixed monthly fee.

- Ask us for a **Silk Flower** Arrangement

Plant & Container Selection

- Plantcare's wide selection of plants are available in containers of various shapes, materials, colours and sizes.
- Plantcare can create customized plant boxes to suit your individual requirements.

Why use indoor plants?

- Health & Safety experts around the world believe that the lack of the outdoors being in the indoor working environment is a major contributor to the increasing levels of stress and burnout.
- A flood of research continues to come in from around the globe highlighting four common benefits of indoor plants:
 1. Increase in the sense of well-being of staff
 2. Reduction in health complaints
 3. Increase in staff productivity
 4. Removal of toxic substances from the air.
